## PROFESSIONAL PROFILE

Self-taught MERN stack developer with hands-on experience in building dynamic, scalable web applications. Former front-end developer at Bismo, where I developed their company website and SaaS product using React.js. Proficient in creating responsive, user-friendly interfaces and integrating front-end components with backend services. Passionate about continuous learning, with a solid foundation in MongoDB, Express.js, React.js, and Node.js. Adept at solving challenges independently and delivering polished solutions under tight deadlines.

## EXPERIENCE

**BISMO** January 2023 - April 2023

### FRONT END DEVELOPER

Front-end React.js Developer with experience in building company websites and SaaS products. Previously worked at Bismo, where I developed their official website and a SaaS platform, ensuring seamless user interfaces and responsive design. Skilled in React.js, front-end development, and delivering scalable web solutions.

**US Bangla Airlines** January 2024 - September 2024

### FULL STACK DEVELOPER

As a MERN Stack Developer at US-Bangla Airlines, I designed, developed, and maintained web applications using MongoDB, Express.js, React.js, and Node.js. I collaborated with cross-functional teams to deliver secure, scalable solutions, implemented backend APIs to support airline operations, and created responsive front-end interfaces focused on user experience. I optimized database performance, integrated third-party APIs, and participated in Agile processes, including sprint planning and code reviews. Additionally, I handled troubleshooting and debugging to ensure smooth operations with minimal downtime.

## EXPERTISE
